PROFESSIONAL SUMMARY

UI/UX Designer and Frontend Developer with hands-on experience designing interactive interfaces in Figma and building them into responsive, production-ready web applications with React.js, HTML, CSS, and JavaScript. Skilled in creating design systems, high-fidelity prototypes, and reusable UI components, and integrating them with REST APIs built on FastAPI. Comfortable owning a product end-to-end, from wireframe to working full-stack application.

TECHNICAL SKILLS

Design: Figma (UI Design, Design Systems, Interactive Prototyping, Responsive Layouts), Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Canva

Languages: HTML5, CSS3, JavaScript (basic)

Tools: Git, GitHub, Postman, VS Code, Figma

INTERNSHIP

Python Developer Intern | Upstackers Technologies

Ahmedabad, India

- Developed and maintained Python modules for backend functionality.
- Assisted in building and testing REST APIs.
- Worked with SQL databases to perform CRUD operations.
- Debugged and resolved application issues under senior developer guidance.

PROJECTS

Personal Portfolio — [dhruv-designs.vercel.app](#)

Figma, HTML5, CSS3, JavaScript

- Designed and built my personal portfolio end-to-end — from Figma wireframes and a responsive design system to the live, deployed website.
- Designed the complete UI/UX: layout, interaction states, animations, and a consistent visual identity across every section.
- Developed and deployed the site solo, translating the Figma designs into a fully responsive, production-ready web experience.
- Structured the site around featured projects, work experience, and skills to present both design and development work in one place.
